MAYOR SCHMITZ DENIES CHARGES

Will Hasten To Frisco To Face His Accusers.

Alleged Disappearance of the Relief Funds Claimed to Be at Bottom of All.

SOME SECRETS ARE DIVULGED

New York, Nov. 23.—Mayor Schmitz, of San Francisco, who arrived on the steamer Patricia, from Europe today, declares there is not a word of truth in the charges against him nor a bit of evidence against him. It is his intention to hurry to San Francisco to face his accusers and clear his name.

San Francisco, Nov. 23.—It was learned today on the best authority that the real cause of the present investigation in this city is the alleged looting of the relief funds. Many indictments will be found on other charges, and perhaps some of the biggest grafters will be sent to prison on conviction for other offenses, but the real inspiring aim of Assistant State Attorney Francis J. Heney is to bring home to Mayor Schmitz and Boss "Al" Ruef the charge that they misappropriated the money sent to relieve the sufferings of the stricken people of San Francisco.

This will be a week of indictments if Heney and Secret Service Agent Burns get the witnesses they are after. They expect to cause the filing of fresh charges against Schmitz and Ruef tomorrow, and every day in the week they hope to add to the list. The purpose in piling up indictments is two-fold. They desire to secure the moral effect of a policy and also prevent the possibility of escape of any guilty person through some technicality.

To Probe Big Hold-Up. It is understood that after completing the investigation of the music hall graft, in which Ruef secured a 25 per cent interest in the Belvedere resort the grand jury will begin probing the franchise hold-up and water steel, probably the biggest scandals in the history of the city.

Heney and Burns are busy arranging the evidence they have collected and intend to present it without delay. When the grand jury has considered all that Heney and Burns have discovered regarding the sale of franchises to public service corporations, it is believed the city will be amazed by the sensational nature of the indictments which will follow.

The franchise schemes implicate supervisors and others in and out of political life, as well as the mayor and Ruef. The district attorney and Heney regard the giver of a bribe as being as guilty as the man who receives one. So when the time comes to base indictments on the sale of the public service franchises the takers of tainted money will not be the only ones who will suffer the stigma of indictment.

\$700,000 Is Paid Over. The most notorious operation of the entire graft probably was the holding up of the United railroads by Schmitz, Ruef and the supervisors for \$700,000 for the privilege of installing the overhead trolley on Market and other downtown streets. This sum was paid partly in cash and the remainder in stocks. It is not known just how the money was divided, but the man in the street says Ruef and Schmitz divided between them two-thirds.

There is a rumor that Supervisor Sanderson has confessed the transactions which disgraced the board. Heney and Burns do not deny it, and Sanderson remains in Los Angeles, away from the influence of Ruef.

A man prominent in the present investigation said today: "We will put both Schmitz and Ruef in stripes. We have the goods on both of them."

Body Taken to Nashville. Tulsa, I. T., Nov. 23.—The body of Bishop Tigert was embalmed and placed in a casket in the parlor of the Brady hotel, where a last view was given to hundreds of friends in this city. The casket was taken aboard a St. Louis and San Francisco east-bound train on the way to Nashville, Tenn. Dr. Holland M. Tigert, the bishop's son in charge of the body, will be met at Springfield, Mo., by Dr. McMurray, of St. Louis, secretary of the Church Extension society, and Dr. Grady, a prominent physician of Nashville who will accompany the body home. The funeral will be held immediately on arrival at Nashville. The news of the bishop's death has been held from Mrs. Tigert, who is suffering from acute heart disease.

Y. M. C. A. Building Burns. Mayesville, Ky., Nov. 23.—An incendiary fire this morning gutted the three-story Young Men's Christian Association building.

GUARDED HIS BODY.

Friend Died From Exposure and He Remained With Him.

Sandusky, O., Nov. 23.—Drenched to the skin and exposed to cruel winds, Fred Marshall stood over the dead body of his friend and hunting companion, Ottamer Seisel, from early last evening until after daylight this morning, when he was rescued by a boat in which the men were, capsized, and both reached shore. Seisel died in a short time from the exposure.

Joint Funeral Services. Chicago, Nov. 23.—Three hundred relatives and friends of the dead victims of the Woodville wreck on the Baltimore & Ohio left Chicago today for Chesterton, Ind., on a special train to attend the funeral services of the immigrants. The party is in charge of the Polish Roman Catholic alliance.

TRAFFIC LIMITED

SOUTHERN LINES OF ILLINOIS CENTRAL GET WORSE.

No Tickets Sold to Points South of River, Tenn.—Fulton Crowded With Strangers.

The Illinois Central is experiencing more trouble in the south than it did three days ago. This is due to the great volume of water pouring into the rapidly rising Mississippi and spreading all over the lowlands. So serious is traffic impaired that the local agent was directed not to sell tickets below River, Tenn., until further notice. Some travel is being done via Milan, Tenn., over the Louisville and Nashville road.

Nearly 2,000 strangers from all parts of the country were marooned in Fulton on account of the washouts.

When the Nashville, Chattanooga and St. Louis reported a suspension of traffic, travel increased on the Illinois Central south via Paris, but a similar disaster befell the Illinois Central. A few came to Paducah from Fulton to stay.

HIGH SCHOOL

TEAMS PLAY FOOTBALL AT WALLACE PARK TODAY.

Hopkinsville and Paducah Struggle on the Gridiron—Line-up of the Contestants.

This afternoon at 3:30 o'clock the Paducah and Hopkinsville High school football teams are playing at Wallace park, and there is a large crowd out to see the game. The Hopkinsville team arrived at 9:30 o'clock this morning.

The lineup follows: Hopkinsville—Bartley, right tackle; Lyon, right end; Slaughter, right guard; Earl, center; Tichenor, left guard; Feland, left tackle; Reeder, left end; J. Breathitt, quarterback; Meacham, left half; Faxon, right half; Blakely, fullback; Abbott, Lawson, Reeder, substitutes.

Paducah—Reuben Bagby, left end; C. Reeder, left tackle; G. Barton, left guard; O. Cheek, center; Ed Cave, right guard; G. Scott, right tackle; G. Elliott, right end; Robert Halley, quarterback; Felix St. John, left half; Brent Jones, fullback; Robert Fisher, right half; Randle, Hart and Luffenburg, substitutes. Roscoe Reed will be referee.

Reception to Team. This evening at the High school auditorium the girls of the junior and senior classes will give the visiting team a reception.

AFTER 108 YEARS.

Body of Signer of Declaration Buried by Wife.

Philadelphia, Pa., Nov. 23.—With impressive ceremonies, the body of James Wilson, a signer of the Declaration of Independence, a leader in the convention, which framed the federal constitution, and one of the original justices of the supreme court of the United States, was today placed beside the body of his wife in a tomb in the graveyard of the historic Christ church, after having laid for 108 years in a North Carolina grave.

Twins Joined Together. St. Louis, Nov. 23.—Exact counter parts of the Siamese twins were born to Mrs. Samuel Jacobson last night. The children lived only a short time. Although they had two heads, four arms, four legs and two chest cavities, there was but one abdominal cavity, at which point the twins were joined together.

ANOTHER STATION ON WEST BROADWAY

Needed To Protect The City, Says Chief Woods

Distance to Seventeenth Street Too Great For Nearest Companies to Reach.

HOSE WAGON AND FOUR MEN

Paducah needs one more fire station, says Chief Woods, to complete her fire department—to give ample protection to all parts of the city. The location of the station is suggested at Seventeenth street and Broadway, for the protection of the west end.

"I do not know what the commissioners will do about it," Fire Chief James Woods said this morning, "but we need the station house. This is the only portion of Paducah without ample fire protection. I do not mean to say that no protection at all is given property in this section, but it is too far from the three nearest stations, the 1, 3 and 4. One station in that locality with four firemen and one hose wagon would be sufficient. This would entail little expense, and would serve to decrease insurance rates in that section."

It is probable that the board of fire and police commissioners will take the matter up and petition the general council for authority to man such a station. It has been stated that the board will this year increase the police force, and the fire department will require little in the way of improvements except the additional station, making its demands easier to meet.

MRS. PEARY

GREETED HER HUSBAND AT SHELLOH, N. S., TODAY.

Has Been Waiting There for Him for Two Weeks—Reception Given the Voyagers.

Sydney, Nova Scotia, Nov. 23.—Peary's Arctic steamer, Roosevelt, arrived here safely this morning. Peary will leave today for New York. Peary and his crew were given a reception by the native residents and among a few friends, who came from the United States to meet them and to welcome the party back from the north was Mrs. Peary, who has been here two weeks.

MURDERED BY ROBBERS.

Head Crushed in and Body Dragged to Pool of Water.

Chicago, Nov. 23.—The body of a man supposed to be J. Tony, who was murdered by robbers, was found today in a vacant lot. The victim's head was crushed and everything of value taken. The body was found half buried in a pool of water, having been dragged fifty feet from the scene of the murder.

BIG WOLF—BIG BLACKSMITH. Former Bit Off Boy's Leg and Latter Slew it With Fist.

Greenville, S. C., Nov. 23.—A wolf attacked Luther Rogers, 15 years old, today, and bit his right leg almost off. Abe Simpson, a giant negro blacksmith rushed to the boy's assistance and crushed the skull of the beast with a blow of his fist.

Bryce May Be Ambassador. London, Nov. 23.—An interesting rumor was current in the lobby of the house of commons last night to the effect that James Bryce, the author of "The American Commonwealth," and now chief secretary for Ireland, is likely to be selected to fill the vacant ambassadorship at Washington.

Thinks Prayer Did It. Evansville, Ind., Nov. 23.—John Bohagg, who has been paralyzed in his arms and hands for the last six years, today suddenly regained the use of these members. He believes the prayers of his wife cured him.

There is only one kind of a newspaper circulation statement that is worth any consideration and that is the daily detailed statement. The Sun is the only Paducah paper printing such a statement.

LETTERS APPEARING ON THE BABY'S BROW CAUSE APPREHENSION.

What appeals to some of the colored population as a communication of Providence, and what from any point of view is a remarkable phenomenon, is vouched for by several people who have seen a colored babe at 1411 Clay street, with the letters "D M" plainly marked on its forehead. The child belongs to Pearl Franklin, and her home has been the mecca of superstitious and curious colored people for several days, since the child was born. Those who have seen the child and believe in signs and portents have been pouring over dictionaries trying to find a combination of two words, of which the birthmarks might be the initials, that would convey some message to the world.

GUESTS OF CITY ARE THE IOWANS

To Be Entertained Tomorrow At The Elks' Home

Commercial Club Has Arranged to Receive Party on Return Trip From Shiloh.

WILL SPEND WHOLE DAY HERE

Governor Albert S. Cummins, of Iowa, and a hundred or more citizens of his state will be the guests of the city of Paducah tomorrow, while they are waiting for their train to St. Louis. The party is on the way up from Shiloh national park, where they dedicated a monument to the Iowa soldiers, and will arrive some time tomorrow morning on the Saltillo and City of Memphis. They will be in the city the greater part of the day.

The Commercial club has arranged for a committee to receive the party and entertain them during their stay. The Elks at their meeting last night patriotically tendered the use of the beautiful new Elks' Home for headquarters.

Some details of the entertainment will have to be perfected after the party arrives. They have their own special train with diner waiting for them here on the Nashville, Chattanooga & St. Louis, which takes them away at 6:30 o'clock and they may dine on the cars. An automobile trip around the city, as the guests of the Automobile club, and a trolley ride are promised.

WASHOUT

DELAYS TRAINS ON THE CARBONDALE DIVISION.

Chicago Mail Did Not Come Through—First Trouble on That Side of the River.

A washout on the Brookport, Carbondale district of the Illinois Central yesterday between Reevesville and Simpson, Ill., delayed traffic. The passenger train due here at 3:35 o'clock yesterday afternoon did not come through but turned back at Simpson. The train leaving Paducah at 12:40 o'clock had to turn back at Reevesville. It arrived here again at 10:30 o'clock, passengers being sent to St. Louis via Cairo this morning. The washout will be repaired today. It is the first occurring in that district this season.

GAME LAWS

VIOLATED BY PROPRIETORS OF DRY GOODS STORES.

Kansas City Warden Goes Shopping and Then Swears Out Four Warrants.

Kansas City, Nov. 23.—A deputy game warden today asked for warrants for four leading dry goods proprietors, charging them with violation of the game law. Feathers bought from the stores will be placed in evidence. The cases are to be tried today.

Typhoid fever is epidemic in Fletcher county.

LOCAL TEACHERS ON THE PROGRAM

Will Participate In Educational Convention

Instructors of First Congressional District Meet at Princeton Next Friday.

MUCH INTEREST IN THE WORK

Paducah teachers are preparing to attend the First District Educational association meeting at Princeton, November 30 and December 1. It is probable that half the local teachers will attend.

Among the Paducah teachers who are on the program are Supt. C. M. Lieb, on "Education and Material Wealth"; Prof. W. H. Sugg, Franklin building, on "Federation of Teachers"; Miss May Ellis, Franklin building, on "Articulation of Child and Environments"; Miss Emma Morgan, McKinley building, on "Moral Education in Public Schools"; Principal E. G. Payne, Washington building, will discuss "Kentucky's Relative Position in Education, High School Department." Miss Anna Larkin, Washington school, will give a reading.

Schools Run Smoothly. The inclement weather of the past few days affected the schools little, and teachers are gratified that the attendance has been so steady. Great interest is being taken in the work, and good results are apparent this early in the term.

Miss Emma Morgan, principal of the McKinley school, was ill yesterday and unable to teach. Today she is back.

TAX COSTS

SHERIFF AND CLERK HAVE CONTROVERSY

Latter Wishes to Assess Fees in the County and State Warrants—Submitted.

Sheriff John Ogilvie and County Clerk Hiram Smedley are in a controversy over the fees charged by the clerk in making out delinquent state and county tax bills. The matter has been submitted to County Attorney Alben Barkley for a decision.

The sheriff by the new law has to furnish the county clerk with a list of persons owing back county and state tax. The clerk makes out warrants. In other counties 65 cents is charged by the county clerk. Here the cost taxed by the county clerk is \$2.65. To this the sheriff objects, as the clerk is making out two warrants, one for state and one for county tax, making the total \$5.30 for the two warrants. Sheriff Ogilvie holds that one warrant for both is sufficient, and that 65 cents, the fee for executions, is enough for the clerk to charge for making out the warrants.

Because of the controversy the work of making out tax warrants has ceased. It will not be resumed until the county attorney renders a decision.

THOMAS STOUT HANGED.

First Execution of Negro for Murder of Another Negro.

Lexington, Nov. 23.—Thomas Stout, a negro, was hanged in the jail yard this morning for the murder of Sim Lee. This is the first hanging on record in this county, where a negro was executed for the murder of another negro. The hanging was witnessed by a large crowd, including many women in the windows of adjoining buildings.

Former Jailor Doing Well. J. H. Root, member of the state board of barber examiners returned this morning from Indian Territory where he had been visiting. He met Robert Menflee, formerly city jailer, here, and found him doing well. Menflee owns one of the most valuable farms near Wenoka, in Indian Territory.

WEATHER—Fair tonight and Saturday. Moderate temperature. The highest temperature reached yesterday was 47 and the lowest today was 36.

DOUBLE CRIME

Committed by Murderers of Pretty Dora Gilman.

Dayton, O., Nov. 23.—Deep mystery still surrounds the murder of Miss Dora Gilman, whose mutilated body was found near her home yesterday. All indications show it was committed by a degenerate. A post mortem developed that the girl's murderers committed a double crime. People are raising a large purse to employ detectives to run down the fiends.

Spain Prepares for Morocco. Madrid, Nov. 23.—Admiral Cervera commanding the naval arsenal at El Ferrol, is preparing a corps of 1,200 infantrymen which will leave shortly for Cadiz, where the Spanish squadron is under steam for Moroccan waters. At Cartagena, a regiment of marines is also being prepared for possible duty in Morocco.

BILLBOARDS

ARE ON PRIVATE, NOT PUBLIC PROPERTY.

Mr. Will Utterback Can Not See What Right Aldermen Have to Interfere.

Will Utterback, manager of the Utterback Advertising Agency, is inclined to believe that the board of aldermen is overstepping its authority in passing a measure regulating the height and position of bill boards. He is not in an antagonistic attitude, but merely spoke his mind clearly this morning.

"My bill boards are not on public, but private property, and I fail to see where the boards have any control over them," he said. "Bill boards are not like street signs which hang from buildings over pavements. They set back in yards. I have not one board that is not from half to a foot from the sidewalk. They are in good condition, and the storm of Friday which blew down a portion of one, would have loosened most any kind of structure."

HEART DISEASE

CAUSED DEATH OF MRS. G. W. ELROD TWO WEEKS AGO.

No Foreign Substance Found in Stomach When Exhumed—Public Administrator.

The coroner's jury in the inquest into the death of Mrs. G. W. (Bud) Elrod, this morning, returned a verdict that she came to her death through strong drink and a defective heart.

Mrs. Elrod died two weeks ago suddenly. After burial the body was exhumed and the stomach analyzed by Dr. H. A. Smith, of this city. County Physician Ed Young examined the heart and liver. Dr. Smith made an affidavit that no poison was found in the stomach. County Physician Ed Young found symptoms of a defective heart.

County Judge R. T. Lightfoot yesterday announced that he will place the estate of the late Mrs. J. W. (Bud) Elrod in the hands of the public administrator as soon as the proper steps were taken by attorneys representing the heirs. John Humphreys, a son, asks to be permitted to act as administrator.

GOES TO FLORIDA.

Rev. W. K. Piner, Transferred From Oklahoma City.

Rev. W. K. Piner, well known in Paducah, where he held a meeting at the Broadway Methodist church some years ago, has been transferred from the Methodist church at Oklahoma City to one of the largest churches in Tampa, Fla. Mr. Piner has already moved his family to his new home. The change was brought about on account of Mrs. Piner's health.

THANKSGIVING GAME

Will Be Between High School and R. L. C's.

Arrangements were made today for another game between the R. L. C's and the High school. In the last game between these two teams the High school won with a score of 17 to 0. The game will be played on Thanksgiving afternoon.

Greece Visits Rome.

Florence, Italy, Nov. 23.—King George and Queen Olga, of Greece, en route to Rome to be the guests of King Victor Emmanuel, arrived here today.

MERCHANTS WILL SUE FOR DAMAGES

Instead of Enjoining The City As Expected.

Detectives Moore and Baker Will Be Reinstated When Force Is Increased to Thirty.

A NEW BUILDING ORDINANCE

Taxpayers owning property on the west side of Second street between Broadway and Kentucky avenue will not enjoin the board of public works or city from installing a hand rail on the curb, but may bring a suit for damages immediately on the city putting in the hand rail. This statement was made this morning by one of the biggest property owners and it is far from being a bluff.

"I observe that the board of aldermen last night voted to install a hand rail on the curb in front of our place of business for nearly half a square for the protection of pedestrians and to preclude a possible damage suit," he said. "The proposition is to install the rail beginning at Kentucky avenue and running it nearly to the alley where Engert & Bryant's store is. This would block us off from loading and unloading, and we are determined to secure redress for the damage it occasions us."

The board of aldermen expected the property owners to enjoin the city and thus the city would be freed from liability for any damages resulting from any one falling off the curb.

Moore and Baker to Return. Detectives T. J. Moore and Baker, who were dropped from the police force when the reduction in the appropriation was made by the general council, will be reinstated when the force is recruited to 30 men January 1. Both of them, it is understood, have been offered their old places and have accepted.

New Building Ordinance. Before the present general council expires by limitation it will have enacted a comprehensive building ordinance that will put Paducah in the fore front of protected cities and work a revolution in the condition of most back lots in the business district. Fire Chief Wood is preparing the ordinance, using the best features of the laws of a dozen cities. One of the provisions will do away with the frame shacks, filled with paper and tinder, that now cluster the back yards of Broadway buildings. He will give it to the ordinance committee early in December.

"QUANTZINTECOMATZIN."

Name of Dining Car in Iowa Special to Shiloh.

"Quantzintecomatzin" is the name of the dining car in the special train of the excursion party from Iowa to Shiloh park dedication exercises. Translated it means, "A Grand Lunch for Royal Eaters." This special train is waiting for the arrival of the City of Memphis with 160 excursionists. They will leave the steamer here and finish their trip by rail. There are nine cars in the train including the diner. The party attended the dedication of monuments in honor of the soldiers from Iowa who fell at Shiloh in the civil war.

OUT OF HIS SHOES

The Miner Was Blown When a Powder Explosion Occurred.

New Philadelphia, O., Nov. 23.—Ernest Varajo, a miner, aged 25 years employed by the Beaver Dam Coal company at Klondike, was filling a cartridge with powder when his lighted hat lamp fell into an open can of the explosive near him. He was blown out of his shoes, the buckles bursting. He lived until this morning.

R. L. C.'S WIN FROM MAYFIELD

In Scrappy Game On Wallace Park Gridiron.

Ben Wilford, Full Back for Visitors, Breaks His Left Leg at the Ankle.

SPECTATORS GROW EXCITED.

Ben Wilford, fullback on the Mayfield football team, had his left leg broken at the ankle in the game yesterday with the R. L. C.'s, shortly after the second half began. When the players had separated after a scrimmage, he was left on the ground helpless, and an examination by Dr. H. P. Sights, who was a spectator, showed that one bone had been broken near the left ankle.

Dr. Sights brought him to the city in his buggy and reduced the fracture. He was then removed to the Craig hotel and will be sent today to his home in Mayfield.

While the accident depressed the players somewhat, a substitute was called in immediately, and play resumed.

One other accident occurred, when Harry Stiles, right tackle on the R. L. C.'s team, was hurt by a blow on the head, received from a hard fall to the ground with a mass of players on top of him. He was forced to retire from the game and was dazed for several minutes. A large swelling over one temple and a black eye, will be the extent of his injuries.

The score of the game was:

R. L. C.'s.....19

Mayfield.....0

Two accidents, much wrangling, and not any markedly superior playing on either side, is the summary of yesterday's game between the R. L. C.'s and the team from Mayfield.

While the R. L. C.'s went through the Mayfield line for heavy gains almost every time, they were unable to accomplish anything with their end plays, as here, the Mayfield interference was good.

Mayfield was effective in exactly the opposite way, they being effective on end runs, and unable to make any gains, except toward the last of the second half, through the R. L. C.'s line.

The enthusiasm of the spectators is the most serious obstacle in the way of a good game in Paducah. They overrun the field, making it practically impossible to execute end runs. Another clearly unlawful part of yesterday's game was the coaching after the game began, from both sides, though in this matter the partisans of the R. L. C.'s were the chief offenders.

The game was characterized by much off-side play. The first touchdown was made by Norton, fullback for the R. L. C.'s, seven minutes after play began. The second and final touchdown was made three minutes after play began in the second half, by Bower, left half for the R. L. C.'s. Quarterback Sights filed to kick both goals and the score was 10 to 0.

The game.

The positions of the players for both teams were as follows:

R. L. C.'s—Wickliffe, center; Sights, quarterback; Hayes, right guard; Stiles, right tackle; Coburn, right end; Elliott, left guard; Hughes left tackle; Katterjohn, left end; Owen, right half; Bower, left half; Norton, fullback.

MAYFIELD—Watson, center; Rutherford, quarterback; Orr, right guard; Boaz, right tackle; Baugh, right end; Brewer, left guard; Watkins, left tackle; Lemon, left end; Albritton, right half; Green, left half; Wilford, fullback.

Culley's kicked off to Mayfield. With the ball near the Mayfield goal, and after it had passed back and forth from one team to the other, Culley's carried Norton over for a touchdown. Only the mass plays of Culley's were effective, their end plays being blocked by good interference from Mayfield, in which Quarterback Rutherford and their right end did good work.

Mayfield kicked off to Culley's. For the remainder of the first half, the ball saw-sawed from one side to the other, but Culley's went steadily toward the Mayfield goal, and when time was called, were on their 35 yard line.

A fumble by Mayfield was caught by Stiles, who carried the ball forward in the first part of the second half for a sharp gain. Mayfield here was effective through Culley's line, but 3 minutes after play began, Bower carried the ball over for the second touchdown.

Mayfield kicked off. Mass plays through Mayfield's line and punting by Norton, advanced Culley's. Mayfield, after Hamlet was substituted for Wilford, who had his left leg broken, made gains through Culley's line. Stiles was knocked out and Stanley was substituted. Norton punted to Mayfield's three yard line, and Culley's got the ball. Time was called with another touchdown assured.

Mr. Roscoe Reed, coach for the High school team, was referee, and Mr. Louis Rieke, Jr., was umpire. Time of halves, 30 minutes.

SUBSIDIZE LINES TO SOUTH AMERICA

Proposed By Trans-Mississippi Congress.

Root's Speech Has Effect on Delegates at Kansas City—Monroe Doctrine.

BRYAN AND SHAW SPEAKERS

Kansas City, Mo., Nov. 23.—Secretary of the Treasury Shaw and William J. Bryan had the lion's share of attention here today among a long list of speakers at the sessions of the Trans-Mississippi congress. All spoke on subjects relating more or less directly to the increasing commercial business of the country.

The committee on resolutions considered the ship subsidy resolution and decided to recommend to congress a resolution practically supporting Root's ship subsidy suggestion.

The resolution will suggest that the government subsidize mail steam ship lines between the United States and South America. The resolution submitted by President Francis declaring the congress unalterably opposed to the acquisition of any more territory in the western hemisphere by any European nation and upholding the Monroe doctrine was also favorably reported.

Among other resolutions which the committee will recommend are:

To build a deep waterway from the Great Lakes to the gulf; statehood to New Mexico; to increase the facilities of getting American cattle to foreign markets, and a national department of mines and mining.

RIVER NEWS

River Stages.		
Cairo	32.6	2.0 rise
Chattanooga	31.0	2.3 fall
Cincinnati	33.5	0.5 fall
Evansville	24.6	4.3 rise
Florence	15.0	2.0 rise
Johansville	21.9	0.4 rise
Louisville	11.3	1.5 rise
Mt. Carmel	10.7	0.3 rise
Nashville	27.3	2.0 rise
Pittsburg	9.3	2.0 fall
Davis Island Dam—Missing		
St. Louis	9.6	0.0 at'd
Mt. Vernon	21.9	4.7 rise
Paducah	28.0	1.3 rise

Nearly all the rise at this point heretofore has come out of the Cumberland and Tennessee rivers, but now the upper Ohio is on a boom and with the subsidizing of the two first mentioned rivers, the rise here will be kept up by the Ohio. Cincinnati has a stage of 33 feet and Evansville has a stage of 20 feet, yesterday. The river here rose 1.3 in the last 24 hours, the stage this morning being 28 feet. It is the smallest rise since last Sunday. Business was good at the wharf this morning.

The Dick Fowler had a good trip to Cairo today, leaving at 8 o'clock. The Buttorff was let off the ways early this morning and will wait until Monday before starting to Clarksville.

The Lyda will go on the dry docks for repairs, probably, when it comes in from the present trip in the Tennessee river.

There were plenty of roustabouts around the wharf this morning when the steamer Kentucky arrived from the Tennessee river. The Kentucky had a big trip so the head make took on more men to help unload. It was an interesting sight to see him select the men he wanted from a big crowd. He literally was buried in a bunch of roustabouts giving him a wide choice. He took a good look at every man before he handed him a check and every time a negro left that bunch, the best man in it left. He knew how to tell the good ones. The Kentucky went on down to Brookport to unload lumber.

The John Hopkins got away for Evansville last night at 12 o'clock. The Joe Fowler will be due tonight from Evansville.

The Georgia Lee arrived from Memphis before noon today with a fair trip and left soon after for Cincinnati.

All the driftwood was coming out of the Ohio river this morning. The boats are able to tie up now to the Illinois Central trestle along the river front.

Official Forecasts.

The Ohio at Evansville and Mt. Vernon will continue rising during the next several days; the rise will continue rapid during the next two days. At Paducah and Cairo, will continue rising during the next five days. A stage of about 25 feet will be reached at Cairo by Saturday morning or Saturday night.

The Tennessee at Florence will continue rising during the next two days. At Johnsonville will commence rising again today.

The Mississippi from Chester to Cairo will continue rising.

Notice. Don't forget the Eagles' dance tonight.

Dress so that you may feel conscious of looking fit to your fingers' tips and then—forget about yourself.

Now is the Time to Select Your Thanksgiving Needs for Morning, Afternoon or Evening Wear

STYLE creations---with our exclusive standard of excellence---are here in profusion. See window displays; they are convincing.

Daily Thought.

"The weariest people in the world
are those who are waiting for some-
thing to turn up."

POLITICS AND IDEALS.

Most men classify their politics
with their religion and their Sunday
clothes—something to be kept out
of the way during business hours
and only to be considered and worn
at special seasons set apart for sol-
emn observance, with the result that
they are strangers to the one and
appear awkward in the other.

Religion and politics viewed in
the abstract are apt to beget high-
falutin ideals. When a hard-headed
man sees an ideal, it does not ap-
peal to him as a guiding star to hold
his eyes above the sordidness of life,
while his feet tread the ground. He
regards it as a thing of practicable
attainment. He would pluck it from
the heavens and use it to light the
streets. As a sign of hope, casting its
beauty spell on the path of life, an
ideal is an inspiration to great
deeds; but for the practical purpose
of throwing light on every day con-
ditions, it is a trifle too luminous.
Human affairs do not show up well
under its burning rays.

The trouble with nearly every po-
litical reform idea, is that it is born
in the pure light of an ideal, and its
parents do not recognize it under
any other conditions. They like the
child only in that light, and then
they find that even the fires of a
high ideal glow yellow in the smoky
atmosphere of a political caucus.

There is nothing wrong with ideals
in politics, as most people are in-
clined to think after the campaign
is over; there is nothing radically
wrong with politics, as we are lead
to believe before the campaign
starts; but there is something wrong
with the man who butts into politics
with an ideal when the people want
an idea. True ideals are wor-
shipped in secret and not exploited
as personal discoveries, and if popu-
lar interest in politics were system-
atic and not sporadic, we might
be surprised to learn how many
practical politicians have ideals that
they yearn for, while they walk ac-
cording to the nature of the ground
under their feet.

WORDS AND FACTS.

Before assigning motives for an
act, it is always economy of explana-
tion to ascertain whether or not the
person, to whom the motive is to be
ascribed, is responsible for the act.
For instance, it is charged that the
general council, contrary to the pre-
cedent, is taking steps to fix the re-
cense tax for the next year, in order
that it may be the hands of the new
boards. "Why?" it becomes known
that City Solicitor James Campbell,
Jr., a Democrat, suggested the ac-
tion to the councilmen, and the coun-
cil carried out his suggestion. The al-
leged motive is dissipated. The al-
dermen declined to concur at first,
because it is customary for the in-
coming boards to fix the rate in Janu-
ary, but when the purpose was ex-
plained to them they concurred.

Mr. Campbell's suggestion was
prompted by the best of motives.
Taxes are due in January and natu-
rally merchants' licenses are among
the first paid, as they do not wish to
be embarrassed in their business by

the license collector. The general
council has customarily fixed the rate
in January, and late in January at
that, nearly always requiring one or
two special sessions to complete it.
This is because the boards must or-
ganize, and committees must be ap-
pointed, and the members are wrap-
ped in their own personal political
affairs to the exclusion of all else,
temporarily. While the boards are
thus delaying, merchants are flock-
ing to the treasurer's office, demand-
ing to pay their licenses. It is em-
barrassing for the treasurer, the
treasury and the merchants, and Mr.
Campbell said he thought it would
be wise to prepare the license ordi-
nance in December instead of Janu-
ary. The innovation has to be in-
augurated some time and it may
as well be inaugurated this year as
some other year.

If Mr. Justice John M. Harlan
should consent to resign his seat in
the United States supreme court to
be a candidate for governor of Ken-
tucky on the Republican ticket, he
would receive the loyal and enthusi-
astic support of all Republican, and
some of the Democratic, newspapers
in the state. He would be the ideal
candidate and would be elected. Ev-
ery other aspirant for the nomina-
tion would step aside for Justice
Harlan, if he would consent. Nay,
we almost said Auditor of State Ha-
ger would step aside—or be thrust
aside.

Mr. Hearst makes return of
the fact that he spent some
\$256,370.22 in his campaign,
and Mr. Hughes reports that he
is out of pocket only \$618. Be-
tween the two it must be admit-
ted that in the matter of the re-
ports of expenses, Mr. Hearst
is nearer the mark than Mr.
Hughes—Owensboro Messen-
ger.

How execrably ungrammati-
cal, "Mr. Hearst is more nearly the
mark."

The Owensboro Inquirer indulges
in a diatribe against the "Dog Tax
Dodger." In Paducah the owners
teach the dogs to dodge when the
tax collector comes around. They
don't have to dodge any dog collec-
tor.

Attorney General Hays appar-
ently has not been reconstructed. Well,
if we thought about the administra-
tion as he talks about it, we would
not wish to associate with the other
members of the official family, ei-
ther.

If the railroad commissioner
should desire to inquire into rail-
road earning for the purpose of fix-
ing the passenger rate, the railroads
would never have a better time in
which to show heavy expenses.

A FACT OVERLOOKED.

Those persons who are clamoring
for a reduction of the postage rate
on first-class mail matter and for
an increase in the cent-a-pound rate
on second-class matter—who, over-
looking the ton, of useless matter
sent free through the mails by gov-
ernment agencies and the excessive
compensation given the railroads,
blame the postal deficit on the sec-
ond class—fail to take in considera-
tion the fact that newspapers and
periodicals through their advertise-
ments produce great quantities of
first-class and fourth-class matter,
which they regard as profitable. Pub-
lishers and other authoritative wit-
nesses who appeared before the re-
cent sessions of the Postal Commis-
sion in New York made the truth of
this quite clear.

One of the most convincing bits
of evidence offered was that presented
by the representative of an organi-
zation of agricultural papers. It was
in the shape of a letter from a mer-
chant who wrote to a publisher set-
ting forth the result of an advertise-
ment he had inserted in a certain pe-
riodical. "From a single insertion,"
wrote the merchant, "we received
3,466 replies, making a postage of
\$69.32. In first answers and follow-
up letters we reached a total of \$1-
990, paying in first-class postage on
same the sum of \$1,039.80. The per-
sons addressed sent us 11,000 orders
and paid \$132 postage. Each of them
furnished some names; in all, 52-
\$00 names on which we have already
expended in postage \$1,574. This
makes a postage expense of \$2-
914.12, every penny of which was
represented by one single insertion
of our advertisement."

The postage on the entire edition
of the paper in which the advertise-
ment appeared said the speaker, was
less than \$100, but the government
got in addition \$2,914.12, showing
clearly that second-class matter is
a great feeder of the first-class.

Instead of causing a deficit the
second class produces revenue for
the department. The "deadhead"
matter sent by the ton annually by
the government and the exorbitant
pay given the railroads for carrying
the mails are the real causes of the
deficit. Let the postal reformers go
after them.—Courier-Journal.

Widow Confesses to Arson.

bie Ross today confessed to burning
her home for insurance and was sen-
tenced to prison for two years. She
is a widow with six children.

CAST OFF

Count Challenged Husband to Duel,
Then Fled in Terror.

Philadelphia, Penn., Nov. 23.—
Mr. and Mrs. Joseph A. Gibbons, the
bridal couple who returned from Eu-
rope yesterday as the sole occupants
of the cabin of the French liner La
Gasogne, reached their new home
in this city this afternoon and told
of a duel in Paris that didn't come
off, because the titled French oppo-
nent of Gibbons ran away. Mrs. Gib-
bons, who is a daughter of Mr. and
Mrs. William M. Brown, was engaged
three months ago to wed Count Max
Bloch, a French nobleman. She sud-
denly wedded Gibbons however.
Then the bridal pair went to Paris.
Learning of the interruption to his
matrimonial plans the count imme-
diately challenged Gibbons to a duel.
Gibbons accepted, and, having the
choice of weapons, chose revolvers
at 40 paces, being himself an expert
shot. The count, in dishonor and dis-
grace, vanished from Paris the day
before that set for the duel.

HANDS

Trapped by Oil Well Cap—One Tore
His Fingers Off to Escape.

New Martinsville, W. Va., Nov. 23.—
George Wilson and Arthur Stee-
pleton, oil well workers, narrowly
escaped death last night in a remark-
able accident. The two men had
cleaned an oil well and were putting
the cap, which weighed 4,000
pounds back on the well. Their tools
accidentally slipped, causing the cap
to fall on their hands. Oil and gas
began to evaporate, threatening
both men with asphyxiation. With a
mighty jerk Steepleton released his
hands, tearing off three fingers. Wil-
son and both men fell unconscious
from pain and inhaling the escaping
gas. They will recover, but their
hands were badly crushed and will
have to be amputated.

GASOLINE

Poured Over His Paralytic Wife and
Set on Fire.

Chicago, Nov. 23.—Henry Pap-
peneau, 38 years old, was held to the
criminal court today on the charge
of murder.
He is accused of pouring gasoline
over his paralytic wife and then set-
ting fire to it. The woman was burn-
ed to death last Friday evening while
she was preparing dinner. Although
comparatively small damage was done
to the house, her body was burned
to a crisp.

As the gasoline stove at which she
was working did not explode, and as
the couple were known to quarrel
frequently, the police became suspi-
cious and arrested Pappeneau and Cor-
oner Davis ordered his detention.

UMBRELLAS

By the Dozen and Wholesale Pur-
chases of Silk.

Lima, Ohio, Nov. 23.—Possessed
with the idea that she was a second
Cassie L. Chadwick, Miss Mary Dick-
man, aged 48, excited Lima mercan-
tile houses today by wholesale pur-
chases of silks and satins, buying in
one store 12 silk umbrellas and in an-
other \$240 worth of furs. She gave
checks on her savings account at the
Metropolitan bank in payment, and
only when three or four houses had
called up the bank was it learned
that though she had money there it
was not subject to check.

Carried as Excess Baggage.

Toledo, O., Nov. 23.—Charged like
so much excess baggage and appar-
ently unconscious of the tragedy
which surrounded him, little three-
year-old Jonny Dolan, son of John
Dolan, of Chicago, passed through
Toledo on the Wabash flyer en route
to Chicago from London, and in the
baggage car attached to the train lay
the remains of the little lad's moth-
er. Some weeks ago his mother in
London died. John Dolan, the father,
wired to have the boy and the body
of his wife shipped home. On the lit-
tle fellow's waist was strapped a
check instructing the conductor to
care for him, and still another billed
him through from London to Chi-
cago.

What Tuberculin Is.

Tuberculin is the result of many
experiments to obtain a curative anti-
toxin, or serum, for tuberculosis. It
is a product of the growth of the
tubercle organism in artificial cul-
tures, but it is a perfectly harmless
product when properly used. It will
neither cure nor cause the disease to
spread in an affected animal; neither
will it injure a healthy one in any
way. In skilled hands it is almost
infallible and with ordinary judg-
ment the errors are only a few per-
cent. In Pennsylvania 4,000 animals
that had given characteristic reasons
were slaughtered and examined and
the presence of the disease was dem-
onstrated in all but eight.—Farming.

Fifty Years to Finish.

New York, Nov. 23.—Thomas Ball,
the sculptor at Montclair, N. J., has
just completed a painting he began
fifty-three years ago. The picture,
which covers a canvas more than 45
feet, depicts Christ childing Martha
as told in the Gospel of St. Luke. Mr.
Ball began the picture in Boston in
1853, when he was 34 years old, but
was unable to finish it until now, be-
cause his work as a sculptor took up
all his time.

CIRCUIT COURT
IS BUSY AGAIN

Decree Is Refused In Divorce
Suit Today

Magistrate Emery Dispenses Whole-
sale Justice to Civil Litigants
Before Him.

HEARING IN BANKRUPT CASE

A judgment for defendant was
entered in the case of Ada Merritt
against L. D. Merritt this morning
in circuit court.

The petition alleges that the de-
fendant had been guilty of cruel
treatment towards the plaintiff on
several occasions. She asked in ad-
dition to the divorce alimony amount-
ing to \$5,000.

Report Confirmed.

The report of sale by the master
commissioner in the action of John
Rook, assignee, against the Paducah
Towing company in which the steam-
er Mary Michael and several barges
were sold to F. W. Katterjohn for
\$2,000, was confirmed.

Case Submitted.

The right of trial by jury was
waived in the case of F. G. Rudolph,
administrator of Bozeman, against
the Prudential Insurance company
and the case submitted to the court.

Deeds Filed.

Thomas Riley and others to Wil-
bur Atkins, property in the county,
\$70.

Marriage License.

Forest Lindsey, Ingleside, 19, to
Lucy May Knight, 18.

A judgment for divorce was filed
in the case of Princess Hart against
Leslie G. Hart.

In Bankruptcy.

Today an examination in the E.
Rehkopf Saddlery company case is
being held in Referee E. W. Bagby's
office.

Magistrate Emery's Court.

W. C. Overstreet against Van
Bankhead, \$18 debt, money in hands
of Illinois Central attached.

Sallie Morrow against William
Banks, balance on fence sold.

Strauss Bros. of Evansville against
J. H. Newman, \$23 debt.

B. Wells & Son against Frank
Rogers, \$25 debt, money in hands
of Illinois Central attached.

W. T. Byrd against Christian Peo-
ples Tobacco company, St. Louis, \$20
balance on salary, attached money
in hands of the Baker-Eccles Gro-
cery company.

County Court.

Mrs. Lizzie Ederington has been
appointed and qualified as guardian
for Irene Layton.

S. Vendevelde has been appointed
and qualified as guardian for Jessie
Randall.

Robert Parrish, W. R. Hoeker and
Pat Ross have been selected commis-
sioners to inspect the route of a
proposed new road from Paducah to
Symsonia.

Lynn Choate qualified as constable
in the seventh district below Massae
where no one has been holding that
office.

Police Court.

Gus Katterjohn, the contractor,
was presented in ordinance court this
morning for suffering dirt to drop
streets from wagons he owns and op-
erates. The ordinance prescribes a
fine for this. Fred Roth, the under-
taker, and Police and Fire Commis-
sioner John Bonds are witnesses
against Mr. Katterjohn.

Louis and Pete Caporal, Greeks,
and Ed Reynolds, colored, were
presented in police court for breach
of peace. The two Caporals were fined
\$3 and costs, and Reynolds \$5
and costs. The difficulty started in a
dispute over the price of fruit.

Arrests Came Quickly.

Tiffin, O., Nov. 23.—Burglars
looted Creeger's hardware store last
night, securing cutlery valued at
\$500. This evening two men said to
be Jay Shallhouse and Frank Rie-
sler, of this city, were arrested in
Bellevue while attempting to dis-
pose of their plunder.

Relief for Rheumatism.

These damp days are hard on peo-
ple afflicted with rheumatism, and
relief is sought in all sorts of reme-
dies.

There is no doubt in the minds of
people who have suffered with the
dread disease and those who have
studied it closely that probably more
relief can be secured from the Osteo-
pathic treatment than any other.

Of course, some chronic cases
won't yield to any treatment, but in-
stances of cases of seven and eight
years' standing yielding to three
months' treatments can be cited. If
you are suffering of rheumatism, I
should like to discuss your case with
you, examine you and tell you what
I can do for you. With the dry hot
air treatment that I use with osteo-
pathy I am having very gratifying
success with people you know well.

Theatrical Notes

Miss Grey All Week.
Through error it was stated in The Sun yesterday that tonight would be the last performance of Miss Ruth Grey, the phenomenon, who has been attracting so much popular interest by her work at the Kentucky theater all week. Miss Grey gives a performance tonight, two performances tomorrow and two on Sunday.

Special Sunday Lecture.
Arrangements have been completed whereby Ruth Grey will deliver a lecture on her work Sunday evening and night at the Kentucky theater. This will be good news to many who have taken such a great interest in this remarkable young lady. The regular performances will be given tonight with matinee and night Saturday.

DePew-Burdette Stock Company.
"A Man of Mystery" will be Tuesday night's bill at The Kentucky. The DePew-Burdette Stock company presented it during their last engagement a few weeks ago. A great many have requested that it be repeated. Mark Swain, the eccentric American playwright, is the author. Swain has done a great deal to make the stage realistic, and has written many successful plays. The Wheeler sisters and Al Vade will be seen here for the first time in their vaudeville acts. Ladies will, as usual, be admitted free Tuesday night if seats are secured before 5 o'clock p. m. of that day at the box office.

Arthur Dunn.
Arthur Dunn, the popular musical comedy star in his newest success, "The Little Joker," will be the attraction at the Kentucky theater on Monday night for one performance only.

Mr. Dunn made more than good in "The Runaways" during his last engagement here, and is welcomed back in his latest comedy, which will undoubtedly be one of the laughing treats of the season.

Mr. Dunn's new vehicle is said to be entirely original in theme and full of bright, witty dialogue, of the rapid fire kind, interrupted only by the many up-to-date musical numbers, which include new topical songs, parodies, characteristic numbers, ensembles and new dances and groupings, making in all a most delightful evening's entertainment, by a company of metropolitan artists engaged especially for their adaptability to the roles which they enact.
A feature of Mr. Dunn's production is the beauty, chorus and the prettily little dancing girls all gowned in the most exquisite creations of the costumers' art.

The Robert Edson Beauty Show.
"The Robert Edson Beauty Show in town" was a headline in a western daily that startled the star of "Strongheart." "No musical production in recent years has contained such a bevy of beauties as the majestic Mary Boland, the mignon Marjorie Wood, the dainty Desiree Lazard, the beautiful Betty Chapman and the bewitching Beatrice Prentice." This clipping was posted on the call board of the theater, underneath a sign which read "Gentlemen, will this hold you for a while."

PEBBLE SANK THE LUTIN.

Cause of Disaster to French Submarine Is Ascertained.

Paris, Nov. 23.—At a meeting of the council of ministers, Gaston Thomson, minister of marine, announced that he had received the report of the commission of inquiry appointed to investigate the loss of the submarine Lutin, which, while maneuvering off Bizerto on October 16, failed to rise after being submerged, with the result that the whole crew perished. Minister Thomson said the examination had shown that the interior bulkhead of one of the water ballast compartments had given way under the pressure of the intake of water which it was too weak to withstand. The unusual pressure was caused by the fact that the intake valve was incompletely closed, owing to the presence of a pebble, which must have been there for a considerable time.

Commission Has Not Decided Regarding Passes Issued For
On Two Cent Fare Advertising.

Would Have to Consider Many
Things Before Fixing Passen-
ger Rate for State.

CHAIRMAN M'CHORD TALKS

Louisville, Nov. 23.—"We" have never had any complaint of the existing passenger rates in this state; we have no data regarding them, and we have made absolutely no investigation in that direction. Before entering any order affecting rates we should have to make a thorough investigation."

With these words, Chairman C. C. McChord, of the Kentucky railroad commission, who talked last night, disposed of the rumor to the effect that the commission has, or will shortly, order the railroads in Kentucky to cut their rates to two cents a mile from three cents, the existing rate.

Railroad men in Louisville were free in their expressions that such a rate in this state would not be just, on account of the scanty population of the state. This view was evidently taken by the legislature, which had a bill before it at its last session providing for that rate, but allowed it to die in committee.

The Pennsylvania railroad started to order a cut to that figure in the east, but later ordered the rate to be made two and one-half cents a mile. The Ohio legislature has compelled the roads to reduce their rates to two cents a mile, but Ohio is a much more densely populated state than Kentucky.

Law Unconstitutional.
New York, Nov. 23.—Judge Holt, of the United States circuit court, today fined the New York Central & Hudson River Railroad company \$18,000 for rebating freight charges amounting to \$26,000 to the American Sugar Refining company. Sentence in the case of the American Sugar Refining company, convicted of receiving rebates, was deferred until next Tuesday on request of counsel for the company.

Fortunate Missourians.

"When I was a druggist, at Livonia, Mo., writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong to-day. One was trying to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest Cough and Cold cure and Throat and Lung healer. Guaranteed by all druggists. 50c and \$1. Trial bottle free.

Must Stand Fines.

Frankfort, Ky., Nov. 23.—Judgments of the Clark circuit court imposing a fine of \$5,000 on B. F. French, of Winchester, and a fine of \$3,000 on Felix Feltner, of Jackson, and sentencing the latter to confinement for two years in the jail of Clark county, upon conviction of contempt of court in having induced witnesses to place themselves beyond the jurisdiction of that court, were affirmed by the court of appeals.

The cases grew out of the splitting away from Winchester, during the progress of the damage action by the widow of James B. Marcum against James Hargis and others, of Moses Feltner, Ruck Cottage and Sam Fields, important witnesses for the plaintiff, French, Feltner, A. H. Hargis and Ed Callahan, of Breathitt county, were ruled for contempt on the charge. The case against Hargis was filed away by the court, with leave to reinstate and the rule continued as to Callahan. French and Feltner went to trial with the result as above stated.

QUESTION UP TO
SUPREME COURT

Commission Has Not Decided Regarding Passes Issued For
On Two Cent Fare Advertising.

Would Have to Consider Many
Things Before Fixing Passen-
ger Rate for State.

RULING OF THE COMMISSION

Chicago, Nov. 23.—The supreme court of the United States is to be asked to pass upon the question as to whether a railroad can issue transportation in exchange for advertising in newspapers. A test case will be made in Illinois, or rather an opportunity will be given the interstate commerce commission to have the courts pass upon their ruling that nothing but money can lawfully be received or accepted in payment for transportation.

Shortly after the new law went into effect, the question arose as to whether or not a railroad could continue to issue transportation for newspaper advertising. It came before the commission and that body decided that under the law only money could be accepted. The justice of this ruling was not seen by the legal department of the Monon railroad and the attorneys of the road wrote the commission and gave their construction of the law backed by the decision of the courts.

They said they had carefully considered the law before the promulgation of the rule and under their construction of the law had entered into contracts in good faith with publishers for the publication of time cards, etc., and in payment for such services agreed to pay a stated sum in transportation at a rate fixed by the Monon's duly published tariff, which in every instance was exact, or equivalent, of the agreed price for publication.

The law, they said, nowhere in its terms, provides that payment for transportation shall be made in money and it must therefore follow that the freedom of contract as between a railroad and an individual is precisely the same as between other citizens.

RACE FOR WIDOWS

And Orphans of Railroad Engineers
Thanksgiving.

An unique means of raising funds for widows and orphans of railroad engineers has been adopted by engineers on the Louisville division of the Illinois Central. It is a foot race and will be run Thanksgiving Eve at Louisville. There will be several events, one a fat men's race, another a slim race and also regular sprinting matches. Engineers Joe Pierce, John Divinney and Joe Hantsburg with others known in Paducah will participate in the events.

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Col., writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a wretched condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me."

Drops Money and Jewels in River.

Hickman, Ky., Nov. 23.—While leaning over the rail of the steamer Sadie Lee a woman dropped a pocket-book overboard containing \$200 in money and six diamond rings, the value of the whole being about \$5,000. The purse was lost at Chaney's Landing, four miles above Hickman, but has not yet been found, although search has been made.

Souvenir Day

at the 2,000 Drug Stores having
NATIONAL CIGAR STANDS

"Art" Ash-Tray
FREE!

with "National" Brands of Cigars on Saturday

Since the organization of the 2,000 Drug Stores with whom we have joined in our cigar purchases we are able to give such notable values in cigars of every character that our only trouble is in letting you know about them.

Just to induce many new customers to get acquainted with our "National" line of cigars we will give an appropriate souvenir with every sale of these cigars on Saturday.

The souvenir is an exquisite lithographed metal ash tray, done in 12 colors. It is worth coming a long way to get. It has reproductions of the bands from our leading cigars, and a beautiful figure in the centre. These ash trays are all the rage and ladies value them for pin trays. See them in our window!

We know that if we can get you to try one or two of our brands on Saturday you will become regular patrons at our cigar stand.

No man who judges cigars by their quality could help it. On the "National" Brands we charge scarcely more than half of what cigars of equal quality cost you in ordinary cigar stores. It's the union of the 2,000 Druggists which makes such values possible.

Our "NATIONAL" Line Includes Every Character of Cigars

We mention only two Brands today. There are 30 others

Black and White The finest Seed-and-Havana cigar ever sold at the price. Made by hand of high-grade Havana filler with best Sumatra wrapper. A 8-for-25c. value for 5c

Cuba-Roma An all-Havana cigar, made entirely of fine, imported Havana leaf. Equal to the regular 3-for-25c. Key West brands and to many 10c. straight brands sold elsewhere; price 5c

WE have just opened a new department, which you must see, as you won't find what we have here anywhere else in Paducah, that is in the completeness of its showings.

The Christmas boxes of fancy stationery are in fancy boxes, done in holly, mistletoe and other pretty designs. The paper is the finest bond, the envelopes the very latest style, and they are also put up in beautiful style. Prices from 50c to \$1.75.

Then we will furnish you two quires of paper and envelopes, and die in one or two letters for any monogram, the best white linen paper, for only \$1.00.

Five quires of the same for only \$2.25.

100 Script Calling Cards \$1.50.

100 Shaded Old English Calling Cards \$3.00.

We also have a big variety of Christmas Souvenir Postals, Christmas Greeting Cards, Holiday Labels for your bundles and Christmas Napkins and other novelties. You should see this department to appreciate what we have.

Postmaster Stopped.

G. W. Fouts, Postmaster at River-ton, Ia., nearly lost his life and was robbed of all comfort, according to his letter which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for 11 years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful tonic. At all druggists, 50 cents.

"Yes, my boy, do."

And the last six years were wiped away like evil writing from a slate.

There was no explanation. These two men were not of those who explain themselves and in the warmth of explanation say things which they do not fully mean. The opinions that each had held during the years they had left behind had perhaps been modified on both sides, but neither sought details of the modification. They knew each other now; and each respected the indomitable will of the other.

They inquired after each other's health. They spoke of events of a common interest. Trifles of everyday occurrence seemed to contain absorbing details. But it is the everyday occurrence that makes the life. It was the putting on of the coats that recalled these two men.

"Let me see," said Sir John, "you gave up your rooms before you left England, did you not?"

"Yes."

Jack drew forward his chair and put his feet out toward the fire. It was unobtrusive but thoroughly at home he seemed to be.

"Then," continued Sir John, "where is your luggage?"

"I left it at the club."

"Send along for it. Your room is—quite ready for you. I shall be glad if you will make use of it as long as you like. You will be free to come and go as if you were in your own house."

Jack nodded with a strange twisted little smile, as if he were suffering from cramp in the legs. It was cramp—at the heart.

"Thanks," he said. "I should like nothing better. Shall I ring?"

"If you please."

Jack rang and they waited in the fading daylight without speaking. At

"Shall I put some coals on?" asked Jack.

times Sir John moved his limbs, his hand on the arm of the chair and his feet on the hearth rug, with the jerky, half restless energy of the aged which is not pleasant to see.

When the servant came it was Jack who gave the orders, and the butler listened to them with a sort of enthusiasm. When he had closed the door behind him he pulled down his waistcoat with a jerk, and as he walked downstairs he muttered "Thank 'eaven!" twice, and wiped away a tear from his dilatory eye.

"What have you been doing with yourself since I saw you?" inquired Sir John conversationally when the door was closed.

"I have been out to India, merely for (To be Continued.)"

Danderine

GREW THIS HAIR:

AND WE CAN PROVE IT

MISS JEANETTE WALLACE,
343 W. 14TH STREET, NEW YORK CITY.

When the scalp throws off either dandruff or a gummy substance, it is an evidence of scalp disease, and no time should be lost in correcting it. You certainly would not hesitate to take treatment were you to look at this matter through a magnifying glass. When highly magnified it resembles a working mass of insects. These creatures absorb the nutriment or life-sap of the scalp causing the scalp to become dry and feverish, resulting in the loss of hair and finally baldness. Danderine works wonders in all such cases. It thoroughly eradicates all trace of scalp bacteria and makes the hair grow unusually long, strong and beautiful. One 25 cent bottle is enough to show you that it will do this, and even more. NOW at all druggists, these sizes, 75c., 50c. & \$1.00 per bottle. KNOWLTON DANDERINE CO., Chicago.

DRAW ORDINANCE FIXING LICENSES

Aldermen Concur With Council in Matter

Order Railing Along West Side Walk By Market House to Protect Pedestrians.

SHORT SESSION LAST NIGHT

A motion to draft an ordinance making the office of sanitary inspector permanent unanimously carried in the board of aldermen last night. The inspectors are to be appointed by the board of health, subject to removal at will, for a term of one year. This with routine work consumed the hour and a half taken by the board in transacting business last night.

Aldermen Palmer and Chamblin were absent.

The minutes of the last regular meeting were adopted.

Mayor Yeiser, presented a letter from officers on the gunboat Paducah which was filed.

Mayor Yeiser suggested the dedication of property for street purposes be referred, which was done.

Littleville Improvement.

A petition for improved streets in Littleville, in which the property owners agree to dedicate property and pay their share of the cost, was presented. There had been a question as to the dedication of property on Little's avenue, and a report, advising the dedication to be made in writing, from former City Solicitor E. H. Puryear was filed. Mayor Yeiser read a record of the attempts heretofore made to improve the street. The board of public works recommended that the council pass an ordinance for the improvement. Mayor Yeiser suggested deferring the matter until the city engineer can furnish necessary drawing, showing just what streets are to be improved. The matter was deferred.

Mayor Yeiser reported the payment of \$5,006.66 to Miss Cornelia Johnson. She secured damages against the city for personal injuries. Mayor Yeiser borrowed the money, which shall be a floating debt for next year. The report was filed and ordered spread on the minutes.

A report of installation of two fire plugs on Washington street between First and Third streets was filed.

The matter of building a culvert on the fill over Bradshaw creek on Nineteenth street was referred to the city engineer and board of public works.

The recommendation to install a hand rail or to reduce the height of the pavement at Second street and Kentucky avenue was favorably acted on. The aldermen fear a damage suit against the city for personal injury.

Aldermen Miller stated that there are hundreds of dangerous places in Paducah needing attention, and suggested next year setting aside \$5,000 to remedy them.

Sanitary Officers Retained.

The board of health protested through members W. T. Graves, H. P. Sights and James P. Sleeth against discharging sanitary inspectors. The board of health can use the inspectors to advantage during the winter months. The motion to retain both officers and also to draft an ordinance making the office of sanitary inspector permanent carried unanimously. The inspectors are to be elected or appointed by the board of health, which controls them, subject to removal at the will of the board. Solicitor James Campbell, Jr., stated that a better plan would be to extend by ordinance power to the board of health to employ inspectors, when needed as some times there will be a demand for more than one and at other times fewer will be needed. His suggestion was not acted on.

The city solicitor was authorized to defend City Clerk Henry Bailey in the mandamus suit brought by the Paducah Distilleries company to force him to issue a liquor license.

Finance Report.

The report of the joint finance committee, showing a total allowance of \$2,928.68 for salaries and claims, was received and filed.

Ordinances Acted On.

Ordinance for sidewalks, curbs and gutters on Fourth street, from Norton street to Husbands street. The date of completion was December 1. The date was changed to June 1 and the ordinance given first passage. It had been finally passed in the lower board, and will have to be sent back.

Chairman Miller, of the railroad committee, reported that he did not believe the traction company could be compelled to make the loop on Broad street except by ordinance. No action was taken.

the plans. The reports were filed.

Alderman W. T. Miller stated that he believed bill boards in Paducah are not substantial and moved that regulations be adopted. He wanted them set back from the pavement the distance of their height, and suggested their height be not more than 10 feet. The matter was favorably acted on. The board of public works was instructed to see that the regulations are carried out.

Alderman Miller stated that Patrolman A. T. Hixley and Thad Terrell won the damage suit filed against them in federal court and thought the city should stand their attorneys' fee and other incidental expenses incurred in the prosecutions not covered by their guarantee bond. He made a motion to that effect. No action was taken.

Alderman Hubbard offered a motion to amend the license ordinance at once. Motion carried.

Solicitor James Campbell, Jr., reported that by agreement the East Tennessee Telephone company in function suit would be submitted by briefs to Federal Judge Evans and argued in Louisville.

On motion the board adjourned.

Prayed All Election Day.

More than three hundred women wearing white ribbon badges, and as many more who blushing admitted to their associates that they ought to be wearing them, prayed fervently all of yesterday at the W. C. T. U. headquarters in Newark for the election of the Independent party candidates.

"Down with bossism and down with the tin-pail saloon business!" was the slogan of the praying band.

From 10 o'clock yesterday morning until after the last voter had deposited the uncertain ballot last night the women knelt in prayer and lifted their voices in supplication of Divine assistance to elect the men who had promised destruction to Newark's busy saloons. Exchange.

When a man and his wife get along nicely together all the women in the neighborhood think it's because the wife is boss.

INTEREST GROWS IN IMMIGRATION

Many New Members Added To The List.

Capt. T. J. Moore Is Soliciting In The County and Meeting With Great Success.

ILLINOIS FARMERS IN CITY.

The immigration association with headquarters in Paducah, is beginning to get down to actual work and substantial results are developing.

The association brought in a delegation this week from new western Illinois, of farmers and others, seeking farm lands and business locations. Quite a number of these visitors came in Tuesday night in the midst of the down pouring rain, but the larger part of the delegation postponed their visit, and will come a little later. The visitors who are here are now being shown over the county and city by Vice President W. L. Bower, of the immigration association, and some of the local real estate men.

Capt. T. J. Moore, who has just been engaged by Vice President Bower to look after membership in the association for McCracken county, has started in earnestly on the work.

The association reports the following list of names of members received by mail the last few days: M. W. Martin, Murray; Will Mason, Jr.; Murray; Cohanus Manufacturing company, Paducah; F. P. Toof, Paducah; Ryan & company, Murray; O. T. Hale & company, Murray; The Bank of Murray; George L. Allison, Woodville; B. J. Barlow, Barlow; Austin P. Wilkey, Calvert City; B. J. Billings, Paducah; W. H. Viets, La Crosse; John L. Lyon, Kuttawa; D. H. Hughes, Paducah; G. N. McGrew, Bayou; U. S. Shacklett, Fulton; W. L. Bower, Paducah; John Fraleigh, Mayfield; Phil Hollenback, Louisville; J. W. Riebsberger, Paducah; M. J. Howley, Cairo; Edward A. Wilson, Metropolis; S. Bartlett Kerr, Metropolis; J. H. Little, Benton.

The interest in the immigration movement will have steady growth and the association will be one of the most important institutions for good that has ever been inaugurated in western Kentucky.

Craneville and Paducah Arrange

Talking Match. Craneville against Paducah, with a showing of not less than 15 chickens a side, will battle in one of the biggest cocking mains ever pulled off the latter part of the month. Arrangements for the big fight have been completed, and Paducah sportsmen are anxious for the date to roll around. Each side must show 15 chickens. It may be that 20 will be brought. The bets range from \$5 to \$25. The purses run from an average of \$10 as high as \$25 with the odd fight purse \$100.

McPherson's Drug Store.

WHEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription, for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisons or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength, being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for Women's peculiar diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famous medicine is advised. No other medicine for women has any such professional endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's free for the asking.

CLEANED OUT

HARRIMAN HAS OUSTED MOST OF THE FISH EMPLOYEES.

Wall Street Looks for the Return of the Former President's Regime.

New York, Nov. 23.—E. H. Harriman has cleaned out the Stuyvesant Fish men employed heretofore in the big eastern offices of the Illinois Central railroad, at 11 Broadway. Out of three score employees only two remained today. The survivors were Third Vice President and Secretary A. G. Hackstaff and an assistant. Some of the employees were discharged while others were transferred to the company's offices at Chicago, where President Harahan is going to have his headquarters.

There will be no stock market fight between the Fish and Harriman factions in the Illinois Central, but Mr. Fish will seek to regain control by obtaining the proxies of the stockholders, who have great faith in him, was the tip in Wall street. Wall street generally expects that at the next annual meeting Mr. Fish will have little difficulty in ousting the Harriman management.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman whose experience with women's diseases covers a great many years. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge. Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

TWO THOUSAND ON THE TURN OF CARD

**Nat Goodwin Wins \$62,000
From Louisville Man**

Faro Dealing Too Slow for Their
Sporting Blood Even With Rules
Suspended.

BEGAN CUTTING THE DECK.

New York, Nov. 22.—The name of Nat C. Goodwin, the actor, was on every tongue along the Rialto today as the chief personage in an astounding story of high play in a gambling house on West Thirty-fifth street near Fifth avenue, in which he staked \$2,000 on the turn of a card, time after time, finally winning \$62,000. It is said, from Theodore Barret, a young Louisville man, who is vice president of the Camp Cigarette company, with offices at 140 West Forty-fourth street.

According to the story which is going the rounds, Goodwin met Barret early on Tuesday morning in the Lambs Club on West Forty-fourth street. Soon the two with a party of friends drove to the Thirty-fifth street

house where it appears Goodwin was well known. First, there was two. Goodwin and Barret kept raising the limit until it was agreed that the rules of the house should be suspended and the limit would be what Goodwin and Barret chose.

This agreement was followed so quickly by amazing play that the friends who had come with Goodwin and Barret opened their eyes and then dropped their own game to watch that of the other two. Barret lost steadily throughout the play. When the players got tired of faro Barret owed Goodwin \$13,000. Faro was not swift enough, so the two players agreed to cut the cards, and with this the most rapid way of losing known at cards, Barret soon owed Goodwin \$50,000.

Then the play was shifted again. Barret succeeded in cutting down his indebtedness and the game was about to stop, when Barret, according to those with him, suggested cutting at \$2,000 a cut. Goodwin agreed. The remarkable game, it is said, was kept up only a short time, when Barret owed Goodwin \$62,000. The young man had partaken freely of the refreshments provided by the gambling house management, as is the custom. It was nearly daylight, but he wrote out an additional check to one he had already drawn. Goodwin endorsed them and the management of the house cashed them.

HELP THE POOR

UNION RESCUE MISSION CALLS FOR DONATIONS.

Much Distress Already Has Been Relieved By the Rev. Mr. Chiles.

With the approach of Thanksgiving, the Union Rescue Mission, 431 South Third street, R. W. Chiles, pastor, is especially active, and in order to in any measure send cheer into the homes of the poor of the city, it is desired that donations of clothing, fuel, food, furniture or money be made liberally to the mission this year.

Already, the mission has relieved much suffering this fall, several children have been found homes, funerals have been preached and distress in other ways have been alleviated. This work is now in its eighth year. Any person in the city who will contribute any useful article or money, by calling Mr. Chiles, old phone number 1073, it will be sent for.

PLANS OF LEAGUE MAGNATES.

It is possible that no obstacles will be put in the way of Danville and Jacksonville retiring from the Kitty League, as both towns are so far away as to make the circuit too large and to multiply expenses. No meeting has yet been called by President Goshell, as far as known by local members of the association, but when the time comes to act on the Danville and Jacksonville franchises everybody will be only too glad to allow them to escape.

everybody will be only too glad to allow them to escape.

The idea uppermost in the minds of the league magnates is to secure Owensboro and Henderson and perhaps Evansville, if possible. These cities are close enough to cut the expenses in half and to bring them more sharply into rivalry with Paducah, Cairo and other nearby cities.

It is now generally believed that Paducah will remain in the Kitty League and that the organization will take on new life next year with a rearrangement of the circuit.

Old Paducah Manager.
John S. Ray, formerly manager of the Paducah and Princeton baseball clubs in the Kitty league, and a former resident of this city, is again in baseball after a season out. To a friend he writes as follows: "I will be in charge of the Leavenworth, Kan., club in the Western association next season."—Cincinnati Capital.

EPIDEMIC

OF HOTEL REMODELING IN THIS
SECTION.

Two in Memphis and One in Cairo
in Same Condition as the Pal-
mer House.

The torn up condition of the Palmer house does not bring forth a great deal of complaint from the traveling public because it is used to the conditions.

"There seems to be an epidemic of hotel remodeling and renovating in this section," a traveling man declared. "In Cairo the Halliday house is as badly torn up as the Palmer here, and in Memphis two of the best hotels, the Gayoso and Peabody, are undergoing similar changes."

The fact that Paducah will have one of the best equipped hotels in the south when the Palmer is finished is indicated in the expressions of patrons.

FROGGE IN POOL UNDER THE DEPOT

Had Slipped Into Six Feet Of
Icy Water.

Cried for Help and Patrolman Hurley
Rushed to His Rescue at
Once.

WORKING WITH STEAM PIPES.

Loud cries for help and a splashing of water equal to the noise made by a mill race against the paddles of the wheel, attracted attention to the cellar of the Union depot yesterday afternoon. Patrolman Aaron Hurley rushed to the opening on the platform to investigate.

With both arms resting on heavy planks, and vainly trying to get out of the icy water, like Frogge, who had been repairing steam pipes preparatory to pumping the several feet

of water from the furnace cellar, struggled until Ed Wheeler, foreman of the pipe fitting shops, and others rushed to his rescue.

Frogge had arranged him a resting place on two heavy boards while he worked overhead. The water in the cellar is about 6 feet deep, and while

unconscious of the slipping of the planks Frogge worked. Suddenly he felt his foundation give way, and he plunged into the water. Aside from a ducking and bad fright he escaped uninjured.
